

Crediting GARC's materials and resources

INTRODUCTION

GARC is committed to eliminating human and animal deaths from dog-mediated rabies by building and strengthening the capacity of local, national and global stakeholders. From individual champions and community groups to national governments, we empower people to lead and sustain effective rabies elimination efforts.

We drive long-term impact by offering comprehensive training opportunities like the GARC Education Platform courses, as well as supplementary resources to enhance stakeholders' skills and knowledge. Our wide range of resources include posters, leaflets, and educational booklets, all available for use at no cost to the user. [Click here](#) to access it now.

To ensure that our work gets the recognition it deserves, we ask that you give us credit for any resource you do use. This includes, but is not limited to, using resources for online communications, presentations or any other activities.

CREDITING GARC AS THE OWNER OF CONTENT

Please acknowledge GARC as the owner of any resource and content:
