PARACON Partners

PARACON is all about working together and we are grateful to all of our partners for their collaboration and support towards a canine rabies-free Africa.

Global collaborators

PARACON aims to ...

- **Unify** countries and rabies control networks of Africa and promote co-operation in a **One Health approach** towards rabies control and elimination.

- Create sustainable **platforms** to showcase countries' **successes** towards achieving rabies control and elimination as well as any **lessons learnt** and **challenges** faced.

- Promote the **implementation** of **tools** for rabies control such as the **Rabies Blueprint/SARE, National Workplans, Educational initiatives such as GEP** and the **Rabies Epidemiological Bulletins**

Rabies Educator Certificate (REC)

A rabies epidemiological database for sub-Saharan Africa

Below is an interactive map of PARACON countries. Upon hovering over a country, their SARE status and the year it was last updated will be shown. If you click on the country, you will be taken to a new page where shared data visuals are depicted. These visuals are also interactive and data can be filtered by clicking on the various options within the legend.

BECOME A QUALIFIED RABIES EDUCATOR

The Rabies Educator Certificate (REC) is a free, online course developed to provide people with the knowledge and skills to teach their communities about rabies prevention.
